Modular, practical and poetic ensemble for the floor

Designed by Stéphanie Marin in 2004, **livingstones** pebble cushions are made of pure virgin wool. The cushions are decorated in non-allergic polysilicon fibres, the seats are made around a "high comfort" structure in bultex-like foam rubber.

French manufacture, top of the range, environmentally friendly (pure, natural materials, the wool mineral dies are obtained without chemicals) which guarantee remarkable comfort and an exceptional longevity.

The palette of shades, the choice of shapes and sizes are wide enough to choose a unique combination that endlessly variable, perfectly adapted to any interior.

The woollen range is easy to clean: the smallest pieces are washable as would pure virgin wool, the seating is steam-cleanable or with a special wool furnishings foam cleaner.

All of the models in this range are available with or without lines : the lines' color is defined by the designer related to the shade of the **livingstones**.

In 2006, a polar-fleece range appears, dedicated for **livingstones** lovers allergic to wool. The softness of high quality polar-fleece cushion, an hypoallergenic polysilicon interiors, a French-made quality. Only the cushions without line are available in this fabric.

Floor cushions, to create a soft beach, are after a boy: yann, edgar, marc,...

Seats, such as pouffes or sofas, are named after a girl: enza, carla, monica,...
